About Us

Our extensive record of accomplishments and our award winning projects have earned *KS Engineers, P.C. (KSE)* a reputation for being a top-ranked, highly regarded, client responsive professional engineering, survey and construction management firm. Founded in 1991, we have gained the respect and confidence of our clients by providing technical excellence and quality services throughout New Jersey, New York and Pennsylvania. *KSE* is proud to have worked on local and regionally significant projects for such clients and agencies as NJDOT, NJ Transit, NJ Turnpike/GSP, PANY/NJ, NYCDOT, NYSDOT, MTA/NYCT, MTA/LIRR, MTA/MNRR, MTA/B&T, MTA/CCC, DASNY, NJSCC, NYCDDC, Kean University, NJDPMC, NYSOGS, Bayonne Local Redevelopment Authority, Philadelphia School District, as well as numerous counties, private clients, contractors, and developers throughout the region. *KSE* is a certified **MBE/SBE/DBE**

The professionals at *KS Engineers, P.C. (KSE)* understand the clients' perspectives on a project-to-project basis and the governmental processes that define the specific objectives. *KSE* uses the most qualified engineers and inspectors, those who understand the clients' objectives and who have a thorough knowledge of the clients' procedures and protocols. Our construction inspectors meet the highest industry standards and maintain up-to-date certifications with National Institute for Certification in Engineering Technologies (NICET Levels I, II, III and IV), American Concrete Institute (ACI field technicians and inspectors), National Association of Corrosion Engineers (NACE certified steel bridge painting inspectors), NJ Society of Asphalt Technologies (NJSAT), USOSHA Hazardous Waste Operations/Emergency Response, Traffic Control Coordinators (TCC), Leadership in Energy and Environmental Design (LEED) and others.

KSE

KS Engineers, P.C.

KS Engineers, P.C. (KSE) provides comprehensive construction inspection and management services on projects key to the region's transportation infrastructure, the educational community and for both public and private facilities and buildings. Nearly half of our 95 professionals are supporting clients on construction engineering, inspection and management assignments throughout the region. Whether project needs call for a professional CM to augment the owners staff with pre-planning, design, construction, engineering and management expertise or on-site construction teams consisting of resident engineers and inspectors for reviewing work in-progress for contractor conformance to the specifications, design intent and safety programs, KSE has the expertise in carrying out successful field programs. We are a full-service, award winning, state certified engineering, survey and construction management **MBE/SBE/DBE**.

Construction Engineering, Administration and Inspection for Route 18 Extension / Rutgers Improvements - NJDOT
2006 ACECNY Platinum Award Winner
