**KS Engineers, P.C. (KSE)** is seeking talented, certified individuals to join the New York market's fastest-growing Special Inspection agency! KSE's Special Inspections and Material Testing Department needs certified field inspectors for public building and infrastructure projects in the New York market. This is an exciting opportunity to participate, in a hands-on way, in assuring that construction practices and construction materials meet the design requirements and building codes for the structural integrity and life safety of those projects.

The ideal candidate must meet some or all of the following requirements:

- A minimum of 1 year of experience inspecting construction work in NYC, or equivalent.
- Familiarity with Chapter 17 of the NYC Building Code.

Qualified professionals will also have:

- Ability to communicate as a valued team member with colleagues and clients of all levels
- Reliable means of transportation and a valid driver's license
- Willingness to obtain additional certifications
- High School diploma or equivalent

**Additionally, we seek one or more of the following certifications:**

- AWS Certified Welding Inspector • ACI-1 • ACI CCSI
- ICC Pre-Stressed • ICC SFRM • ICC Soils
- ICC CSI • ICC Commercial Mechanical
- ICC Masonry • ICC Bolting • ICC Welding

Other desirable licenses include:

- NYS Licensed Professional Engineer or Registered Architect
